

## Industrial and Internship Training Programme

### “Kisaan Mitra Agro Science Pvt. Ltd”

Our company, "Kisaan Mitra Agro Science Pvt. Ltd.," was established in 2024. We are a group of agriculture students who have been passionately pursuing organic farming since our inception. Building upon our previous experiences.

We provide our services in organic/natural and physical, educational activities, so that farmers, farmer producers Group/company, self-help group, and agriculture student is guided for income and proper production.

**Our company is the first such company in the world, whose management and operation are being done by agricultural students and agricultural subject experts.**

#### Introduction and Objective of Project:

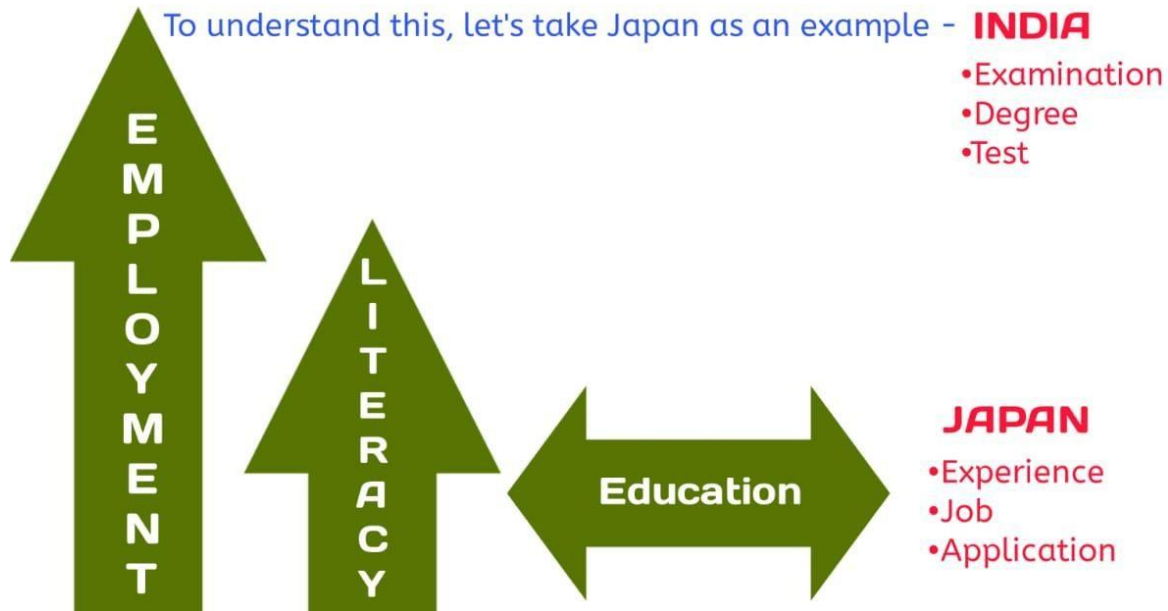

##### Do you know...?

- According to a research, every year 1.25 million (2022) students in India will look for jobs for 20 years to come.
- Why so..? Is the job not available?  
This is a job but do not have the skills to do that job, students Lack the Skills they Need.

For this we have to pay attention to the” **Skill Deficit.**”

**“Just as a teacher cannot cover all subjects, Similarly  
A student should not expect to have all subjects.”**

# SKIL DEFICIT-EDUCATION.
